THE MYTH OF SUFFERING AND HOW TO CHANGE IT

WORKSHOP #1:
LIVING AS AN UNLIMITED HUMAN
with GW HARDIN

May 13 ... Saturday ... 1-4:30 PM ... DENVER/WHEAT RIDGE

Welcome to the first in a series of workshops presented by GW Hardin on "The Myths of Suffering, and How to Change It." In this first workshop, attendees will learn how to identify the sources of suffering, so that consciousness can then be employed as a mechanism of altering those source-realities, whether from mind, body, or spirit. To make this easier, Hardin will introduce different tools he has developed and tested with groups and individuals. You will learn how to use these tools to assist in removing blocks, constraints, or belief systems that interfere with your living as an unlimited human.

Hardin will demonstrate in great detail how you may use different techniques based on methods described in the volumes of *The Law of One,* that can be applied in altering reality to the point of managing suffering, whether in mind, body or spirit. Likewise, you will use tools in the workshop, like the Harmonetic® Cirq, Holodynamics, Super-Archetypes, and plasma-related devices, to assist you in discovering how to live without limits. What some will find fascinating is that once you have learned these techniques for yourself, you can then apply them to your pets or those around you.

The topics presented will cover the following:

- 1. How the latest scientific findings can change suffering in our lives
- 2. Ways in which the Harmonetic® Cirq can alter suffering via tesseract technology
- 3. Group exercises in manifesting better realities
- 4. How to address the 4 main causes of suffering
- 5. Super-Archetypes and how to use them as tools in altering reality
